Avonofejlet a kijelölt helyre ragaszd!

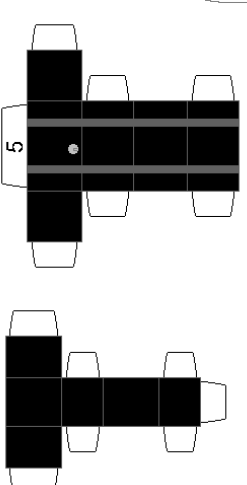

A sárvédőket közepen hajtásd össze, és formázd bealuljuk feléjük, ezután ragaszd a keretek fölé!

Ezt ragaszd össze, utána ragaszd köré a fülkét, így nem kell szarni az ívek kialakításával. A fülke hátsó részét, a piros vonallal kezd el felragasztani!

4 potkerék

A segédvázakat ragaszd, az alvázon található,
piros vonalakra!
